

# MotilityPay

Pay bills faster and more efficiently.

## The cost of slow, manual account payables.

If you are paying your bills the old way, you know that slow, paper-heavy process wastes precious time. Even worse, manual check writing often produces inconsistencies and numerous mistakes. Not to mention that it's difficult to keep up with the paper trail and reconcile with your bank.

### Leave check writing and postage in the past with a single click.

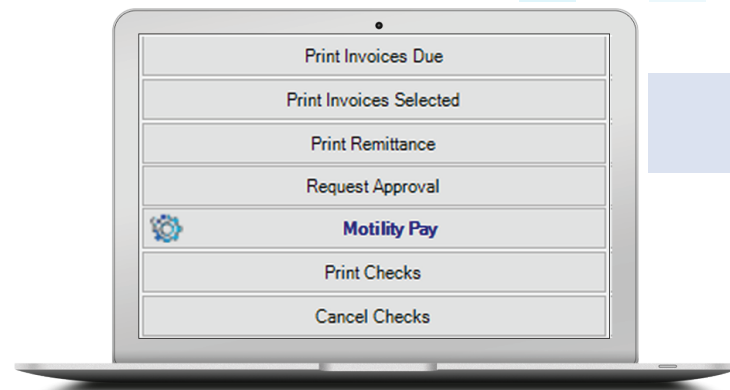

Let MotilityPay print and mail checks on the next business day. Seamlessly integrate with your bank to automate the creation and delivery of ACH payments.

### Simplify your busy work day while simultaneously earning rebates on everyday payables.

MotilityPay works alongside the Accounting module to issue virtual credit cards (vCards) to suppliers, earning you rebates on the dollars you spend with them.

### Productivity at its finest.

Eliminate the manual burden of cutting checks and allow Accounts Payable to focus on more important tasks.

Easy, no-cost bill pay solution. With a single click, get professionally printed checks, issue vCards, and automate ACH payments with enterprise-level security features.

“

This product has cut my time in half. I could never imagine going back to the old way of doing things. We should have done this ages ago. MotilityPay has saved my life!

- Erica Meadows, Alliance Bus Group
